## **YOUTH POLICY: FROM STANDARDS TO PRACTICE**

An international seminar about Council of Europe standards on youth policy and youth work and their application in national policies and programmes

Saint Petersburg, Russian Federation

29 November – 2 December 2021

**CALL FOR PARTICIPANTS**

Deadline: **26 October 2021**

## Background

The Council of Europe Youth Department, the Ministry of Science and Higher Education of the Russian Federation and the National Youth Council of Russia are co-organising an international seminar with youth policy and youth work experts from the Russian Federation and other states-party to the European Cultural Convention. The seminar is organised within the Framework Programme on Co-operation between the Council of Europe and the Russian Federation in the field of youth policy.

The seminar supports the application and implementation Council of Europe standards on youth policy and youth work in and by member states and by other stakeholders in youth policy. [The 2030 Strategy of the Council of Europe youth sector](#), adopted by the Committee of Ministers of the Council of Europe in 2020, sets the aim of the strategy to:

*enabling young people across Europe to actively uphold, defend, promote and benefit from the Council of Europe's core values of human rights, democracy and the rule of law.*

The Strategy assigns a particularly important role to cooperation and capacity-building with both governmental and non-governmental partners, notably through:

- intergovernmental co-operation at pan-European level on the preparation and implementation of youth policy, based on Council of Europe standards;
- assistance to youth policy development in member States through bilateral and multilateral support measures.

The Council of Europe and the youth partners and stakeholders in the Russian Federation have an important experience in applying and contextualising youth policy and youth work standards to local and regional realities, as exemplified by the "5050" training courses *Have Your Say!* These experiences need to be expanded so as to include other partners and countries: updated information about state and development of youth policy are important pre-requisites to deepen cooperation and dialogue on a regional or pan-European level.

The seminar *Youth Policy: from Standards to Practice* is thus organised to respond to the need for practitioners in youth policy and youth work to updated themselves and exchange with colleagues in the field about the experiences and challenges they experience with applying Council of Europe standards.

The programme of the seminar will focus on dialogue and mutual learning of youth policy and youth work. Particular attention will be given to the practices of youth policy and cross-sectorial cooperation in promoting Recommendations of the Committee of Ministers of the Council of Europe at national and local level.

The seminar is directed to representatives of authorities responsible for youth, who are interested in the standard setting work of the Council of Europe Youth Sector in the field of youth policy. The participants will explore and exchange about the standards of the Council of Europe in the youth sector, including its key principles, such as co-management, which fosters youth participation in decision making, as well as about the Council of Europe's main activities in youth policy. This seminar entails the active involvement of all stakeholders – young people, policymakers, researchers, NGOs, national and international organisations.

## Aim and objectives of the seminar

The aim of the seminar is to foster dialogue and learning on youth policy standards and practices, strengthen cooperation between Council of Europe and Russia Federation in the field of youth policy and to support cooperation and exchange on youth policy and youth work.

## Objectives:

- to discuss the state of youth policy and youth work in the participating countries, including the role of youth participation and youth organisations;
- to learn about the youth policy mechanisms and practices in the Russian Federation and other countries, notably in relation to Council of Europe youth policy and youth work standards;
- to explore the previous experience and future perspectives of the co-operation in the field of youth with the Council of Europe, the Russian Federation and other participating countries;
- to support dialogue and cooperation between various groups of stakeholders in youth policy and youth work, especially governmental and non-governmental partners with the view to support the implementation of the Council of Europe youth strategy 2030;
- to provide opportunities for new partnerships to develop new projects.
